New Mexico Demands Statehood of the 57th Congress.

Statehood! Statehood for New Mexico! Fight for it.

We wish the "good road" idea would strike Taos county.

Alamosa and La Jara are both working for a beet sugar factory with good prospects of both being successful.

New Mexico may not get statehood but she has made the balance of the Union notice her great resources.

It looks as if the Otero crowd was in the saddle and from the present outlook, they will be there for the next four years.

The re-appointment of J. W. Reynolds for Secretary of the Territory, is pleasing to the best element of the Republican party.

The so called Republican Reform League of New Mexico must feel sick these days as the true honest Republicans are eating all the pie.

The territorial paper all speak in the highest terms of the appointment of Capt. Fred Muller as receiver of the U. S. Land Office at Santa Fe. So far the President has not made any mistake in his appointment for New Mexico.

The great sugar trust has sent as a number of articles on the beauties of free trade with Cuba and denounces Mr. Oxnard the great beet sugar promoter. We respectfully decline to publish the same as we are not in sympathy with them and believe they are only trying to feather their own nest and destroy the beet sugar industry. The infant is getting to large for them to handle.

The Taos valley are attracting a number of settlers these days. The prospectors predict that the valley will soon be one of the best garden spots in New Mexico.

Territorial Topics.

The First National bank of Albuquerque, has had its charter extended for another twenty years.

Dirt trading on the grade of the El Paso and Northwestern north of here. Springer Stockman.

Dec. 26, Farmington made telephone connection with Durango, Colorado, a distance of fifty-five miles.

The Woodman of the World and the Knight of Pythias of Clayton, Union county, have incorporated a company to build a \$50,000 hotel.

It is reported that the Santa Fe railroad will build a tunnel through the Glorieta hill to avoid the annual washouts of the track in that section.

The American Mining and Development company has incorporated with a capital stock of \$200,000, with headquarters at Silver City, Grant county.

The Rock Island railroad from Liberal, Kan., to Santa Rosa, N. M., is now completed and Santa Rosa has the honor of being a railroad town.

Criminal, Acting Governor J. W. Reynolds commuted the sentence of Ernest Hart from 30 years to 20 years. This will leave Hart 8 years yet to serve, as he was sentenced from Garfield county for murder about 22 years ago.

The Home Oil company of Farmington began actual drilling operations last Saturday, on their property just north of town, and at the present writing (Dec. 26), are down to a depth of twenty-one feet. The plant is working to perfection, and with good luck will be down to an interesting depth within the next thirty days. —Farmington Enquirer.

DEATH OF LOREN W. BROWN.

Loren W. Brown who was editor of the late Mining Bulletin, died last Saturday at his sister's place at Ute creek. Mr. Brown was about 45 years old. He at one time, was a leading politician of this county and was a power in politics. He leaves a wife and four children to mourn his death. The Prospector with their many friends extend to them sympathy in this hour of sad news.

ADVICE TO YOUNG MOTHERS.

Don't feed the baby with a spoon. The proper food for babies is mother's milk.
Fresh air is the breath of life in a baby's nostrils.
Keep the baby clean and it will stand the heat better.
Don't stick the nipple in the baby's mouth every time it cries.
Remember, the baby needs a drink of water as much as you do.
Do not let the baby sleep in the same bed with any other person.
Don't drug the baby with patent medicines, but if sick call a doctor.
When the baby is between the ages of one and six months, prepare its milk to suit its age.
Don't overfeed the baby; there is more danger of giving too much at a time than too little.
Wait till the baby gets its teeth before you put food into its mouth that needs to be chewed.
Use a common bottle for feeding with a rubber nipple and no tube, and keep bottle and nipple clean by boiling and scrubbing.
If the breast milk gives out or for any reason other means of feeding become necessary, get the best milk you can afford, and make it as near like mother's milk as possible.

MINING NEWS

But few claims were located the first of the year as but few claims ran out.

Louis Marchino is working on the Inferno Tunnel up Pioneer creek on Black mountain.

It is reported that I. T. Burns has sold his interest in the Gold King and Gold Queen to Ed. Alaton.

The owners of the Garibaldi mining claims up Bitter creek are busy these days developing their property.

The Anaconda drill is being moved this week a few rods and they will begin sinking again in a few days.

W. C. Haverly of Trinidad, has bought a claim down the River, from Dr. E. H. Sharred. We do not know the amount paid, but if reports are true it was a bargain for the purchaser.

James LaBeam who has charge of the Stella group on Black mountain, for W. H. Tripp, a leading attorney of Denver, came in last Sunday, to push the work on that valuable property. He claims this camp is alight and what is needed at the present time is deeper mining.

TAOS NEWS.

From Taos Crescent.

B. F. Terrell conducted religious services in English at the M. E. Mission Church.

John Booth came down from Antonio, Monday, with the household goods of the Booth family which was moved into their new residence here.

Otto Preusse and family moved in last week from Manassa, Colo., and will make the valley their future home. They are at present located in a part of the Guillermo Trujillo building.

W. H. Wilt returned on Tuesday from Gunnison, Colo., where he went to close his affairs preparatory to permanent location here in the Taos valley. While away he saw many people who may decide to also become Taos residents.

The family of Frank Bond, the new jeweler, came in from Cripple Creek last evening. Mr. Bond is another who has decided to permanently locate in the Taos valley and brings a large family to assist in rebuilding the country.

D. R. Morgan, wife and son came in on Tuesday from Florissant, Colorado, for the purpose of purchasing land and locating in the Taos valley. Mrs. Morgan is a sister of Mrs. A. K. Thompson of this place. They are well pleased with the valley, particularly the climate, which is quite a contrast to the place from where they came, where the thermometer registered twenty-nine below zero the morning they left.
